Essay

Almost 200 years ago, Zadock Pratt built the community that we know as Prattsville today. He invested in the town, its infrastructure, and the lives of its people because he knew that the only way to build a solid society was to “lift all boats”. As the saying goes, we all do better when we all do better.

In an essay, please tell us about your plans for your education and career. How do you see yourself contributing to an equitable, compassionate and sustainable community that “lifts all boats”?
